Assistant Veterinary Surgeon Independent Mixed Practice West Wales

Our practice is expanding and we are looking for either a Vet with at least two years mixed practice experience or a new graduate with a keen interest in small animal, equine and especially farm work to join our 11 vet team in West Wales.

We have a strong mix of Bovine, Equine and Small Animal work, with scope to pursue specific interests. Farm work is largely dairy based, with an increasing amount of herd health and routine work. Equine and SA departments are well equipped with digital radiography, large and small animal ultrasound, ECG, and in-house laboratory. We are a long established practice with a great team ethos and plenty of support for new employees. This is a great opportunity to work in all areas of Veterinary medicine in a rural practice within easy reach of the M4 and to the coast and beaches of Cardigan Bay.

Salary package negotiable dependant on experience, with good holiday, CPD allowance and flexible rota. If you are interested in joining us please telephone 01559 363318 and speak to Shirley Price-Jones, Practice Manager or email your CV to spj@tysulvets.co.uk
